Yevhenii **Sirkiza**

Software Engineering Intern

☐ +7 (963) 613-66-71 | ✉ sirkiza.en@phystech.edu | ⬛ sirkizaen

Education

MIPT (Moscow Institute of Physics and Technology) *Moscow, Russian*
Bachelor of Applied Mathematics, Physics and Computer Science *Sep. 2016 - PRESENT*
- Got Increased State Academic Scholarship for academic achievements
- Got Abramov Scholarship which is given to students with a high GPA

Yandex School of Data Analysis *Moscow, Russian*
Master's-level program in Computer Science and Data Analysis *Sep. 2018 - PRESENT*

Skills

Programming

- **C++** programmer with 3+ years experience in competitive programming. Good knowledge of different algorithms and concurrency.
- **Python** programmer with 2+ years experience in algorithms, including machine learning algorithms
- **Visual C#** experience of making Windows applications
- Have experience with building websites using **HTML/CSS**
- **PostgreSQL** and $\LaTeX$

Mathematics

- Deep knowledge in **Linear Algebra**, **Calculus**, **Theory of Probability** and **Discrete Mathematics**

Extracurricular Activity

Selection committee *Moscow, Russia*
MIPT *2016 - PRESENT*
I help to organize different physics and mathematical olympiads in Moscow

Honors & Awards

International

2017 **Quarter-Finalist**, ACM ICP *Moscow, Russia*

Domestic

2015 **1st Place**, Region School Olympiad in Mathematics *Vinnytsia, Ukraine*

Coursework

Coursera
Yandex Machine Learning and Data Analysis
- Math and Python for data analysis
- Supervised learning
- Unsupervised Learning
